Independent Bank rolls out mobile banking service

Independent Bank announced that it has rolled out Independent Mobile, its new mobile banking service.

To celebrate, Independent Bank is offering free mobile banking to customers through April 30, 2012.

Independent Bank uses the latest mobile banking technology to ensure accounts and identities are safe and secure.

Real-time access gives customers the freedom and flexibility to stay connected to their money. With Independent Mobile, customers can: Check account balances, View transaction history, Transfer funds between accounts, Locate branches and ATMs and Pay bills.

To use mobile banking, an Independent Bank account with online banking is required.

Once signed in to online banking, simply click on the Manage Mobile Banking Settings link to enroll.

"Our customers are managing their schedules, updating their Facebook status, browsing the Web and staying in touch with family and friends

through their mobile devices. Independent Bank is responding to the changing lifestyles of our customers by offering mobile banking. It gives them so many options and more flexibility for managing their money. Customers can oversee all their checking, savings and loan accounts and transfer funds. They literally have their bank in their pocket when they use Independent Mobile," said Senior Vice President of Marketing and Communications, Shelby Reno.

Independent Bank is also introducing its Classic Text banking service that allows customers to check their balance for free from their cell phone or smart phone.

An Independent Bank account with an ATM or debit card is required to use Classic Text Banking.

To sign up or learn more about Independent Mobile and Classic Text Banking, visit IndependentBank.com or call customer service 1.800.355.0641.
